JASDFW mourns passing of PM Shinzo Abe

Last Friday, former Prime Minister Shinzo Abe died of gunshot wounds while in Nara giving a speech. We offer our condolences to the Japanese people during this difficult time. We are also saddened by this senseless act of violence in a country that prides itself on public safety. Abe was the longest-running Prime Minister in Japanese history and he strengthened U.S.-Japan relations during his years in office. His legacy will live on through those whose lives he influenced and the friendships that he established.

[Online] Summer Japanese Language Class

7:00 to 8:00 p.m. CDT

Thursdays, July 14 to September 1
This course is for beginners who are looking for a general understanding of the Japanese language and to practice some common expressions used in personal conversations. Students will learn some basic Japanese grammar and sentence structures as they learn how to introduce themselves and share simple personal details in Japanese. They will also learn familiar and basic expressions, and a variety of greetings useful in daily conversations.

While this course is focused on conversational Japanese, by the end of the course, students will be able to recognize Hiragana and its differences between the other writing systems. Prior knowledge of Japanese characters (Hiragana, Katakana, & Kanji) is not required to take this course.
